

Combined Certificate

Duration

The trainees have Individual Learning Programmes (ILP) based on their availability, care and funding packages. The minimum training would be one day a week and the maximum four days a week. This results in trainees progressing at a rate that is dependent on their ILP and development of the skills and competences required.

Assessment

Trainees will be continually assessed throughout their training.

Certification

At the end of the course, trainees who have completed 17 modules will be Awarded a Combined Certificate endorsed by the Institute of Hospitality.

Next Steps

Depending on each trainees individual needs they have the opportunity to progress to our Combined Diploma.

Alternatively, our Work Placement Supervisor will support trainees into either paid or voluntary work placements.
